DIRECTORATE-GENERAL FOR HEALTH AND FOOD SAFETY

Crisis preparedness in food, animals and plants
Unit G4 – Official controls

TRACES team (sante-traces@ec.europa.eu)
Update: 14 February 2024

List of third countries issuing in, or transmitting to, TRACES certificates for the entry into the EU of certain categories of animals and goods (“EU IMPORT” module)

This document lists third countries and their corresponding certifying authorities, that issue in, or transmit to, TRACES animal health/official certificates for consignments of live animals, products of animal origin, animal by-products, composite products and germinal products.

Issuance in, or transmission of electronic phytosanitary certificates to, TRACES waives the requirement of presenting paper certificates at EU borders.
