What's New?

1. CHED-PP General enhancements

Performance

In order to improve the system performance when filling in box **I.29** the following changes have been made:

- Only one line at a time can be selected and edited. **You'll need to click on the line to be modified in order to activate the Edit mode.**
- EPPO code selection is now via a list where one EPPO code at a time can be selected. **You can enter a few characters to filter the possible values.**

What's New?

New feature:

The link between commodities and wood packaging material has been implemented. In box **I.29 Commodities** a new **optional** column named **Packaging material** was added.

Warning: You have to use it to link the commodity to the relevant WPM of box **I.29 Wood packaging materials**.

Q Select *

Qlikview

It is now possible to search for **Wood Packaging Material** as well as for the link between commodities and WPM.

Note: Please note that this is ***not retroactive***. There will be only searchable in Qlikview the CHED-PP certificates in which the link between commodities and WPM has been specified following the instructions in the point before.

Details in Qlikview:

- **Part I**

The screenshot displays the Qlikview interface for Part I. It features a table of commodities with columns numbered 01 to 99. Below the table are several form fields for data entry and selection, including 'Commodities Group' (set to 'Live trees and other plants'), 'Country Of Origin', 'Eppo Code', 'Latin Name', and 'Common Names'. There are also fields for 'Net Weight', 'Quantity', and 'Number Of Packages'. A summary row shows 'E.30. Total Number Of Packages' as 200 Packages and 'E.32. Net Weight' as 200 Kg. Below this, there is a section for 'Wood Packaging Material' with a table of codes (4415010, 4415200, 4415209, 4415) and corresponding form fields for 'Eppo Code', 'Country Of Origin', 'Latin Name', and 'Common Names'. A summary row shows 'E.30. WP Total Number Of Packages' as 400 Packages and 'E.32. Net Weight' as 500 Kg.

- **New tab**

The screenshot shows the navigation tabs at the top of the Qlikview interface. The tabs are: 'How To', 'Part I: Details', 'Part II: Decision', 'Overview', 'Plant Products', 'Wood Packaging Products', 'Quick Information Display', and 'About'. The 'Wood Packaging Products' tab is highlighted with a red border.

- **Quick information display**

What's New?

• Notifications

The BCP authority is notified of **New** CHED-PP certificates in the system.

Therefore, CCA authorities no longer receive unwanted notifications.

2. COI

Country of Origin

It is now possible to select a Member State as **Country of Origin**.
